

REMOTE INTAKE HOTLINE FOR PROPERTY ASSESSED CLEAN ENERGY (PACE) COMPLAINTS

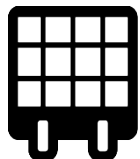

Are you a Los Angeles County homeowner? Have you been solicited by a home improvement contractor or salesperson offering low cost or free energy upgrades or home improvements? Did your property taxes increase unexpectedly after receiving home improvements? Are you having trouble staying current on your property tax or mortgage payments, or have you already missed a payment? Are you concerned about losing your home? Did the home improvement contractor fail to complete repairs, or perform poor work?

If so, you may have legal claims related to PACE. PACE is a financing program offering loans for green energy home improvements that are repaid through annual property tax assessments. PACE has resulted in many complaints of fraud, misrepresentations, shoddy or incomplete work, and inability to pay. If you need legal advice, consultation, or representation* for any PACE related issue, call Bet Tzedek's PACE intake hotline at **323-648-4715**.

*While consultations will only result in representation when the agency has the capacity to take on new matters, all callers who qualify for legal services will be given advice and counsel. The consultation, and all legal services provided are free of charge.

Call (323) 648-4715 and leave a voicemail
